Welcome

Spec Brite Group consists of a group of companies located in the Middle East. We import, supply & re-export wellness products & equipment.

As the field of wellness is vastly diverse, we mainly focus on the “latest product inventions & technologies” from the following wellness inter-connected industries: aesthetic, medical, fitness, sports, home & personal care.

Since its establishment in 1997, we have achieved an excellent reputation by providing quality products. We have gained strong reliability with our fast and excellent client service in pre and post selling process.

THE GROUP

Spec Brite Group operates through several offices across the Middle East. Our distribution covers all Middle Eastern countries including some countries in Africa. We also have an online store - Wellness Terminal through which you can order wellness products from any location in the Middle East.

OUR MISSION

Our Mission revolves around supplying the most advanced wellness products & equipment in terms of both technology & quality from across the world to the Middle East and Africa.

OUR VISION

To become your favourite partner for your wellness needs.

COMPANIES UNDER Spec Brite Group

Companies under Spec Brite Group are ISO 9001 - 2015 Certified!

Our Products, Services & Distribution Networks

We bring to you a finely selected portfolio of Cutting-Edge technologies, devices, and products combining highest specifications of Quality, Durability, Effectiveness and Safety.

We supply products focused on Wellness in general. Such products vary among several categories; Healthcare and Fitness, Beauty and Aesthetics, Water Care and Solutions, and Planned Preventive Maintenance.

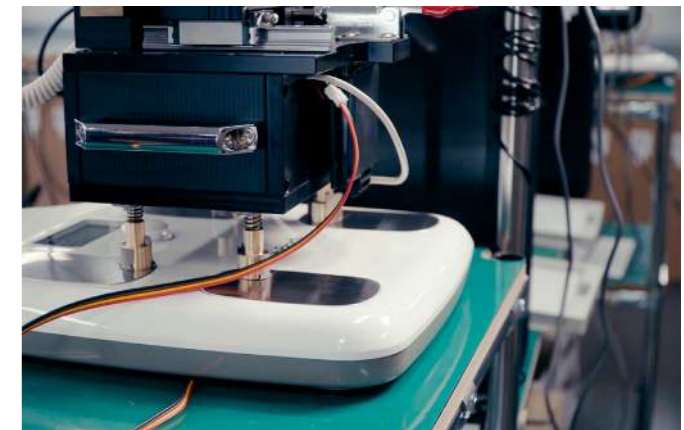

Healthcare & Fitness

We have scrupulously selected healthcare, medical and fitness devices to help facilities provide precise results to improve the well being of our clients. We distribute body composition analyzers, blood pressure monitors, height stadiometers, fitness trackers and other healthcare equipment. We only provide premium healthcare devices that are approved and according to the highest international standards.

Planned Preventive Maintenance

We take pride in our after-sales services and satisfy existing clients through our maintenance department, which handles warranties, repairs, training and PPM. Our wellness solutions are your investment to achieve continued growth, and we understand the importance of PPM to preserve your investment.

Beauty & Aesthetic

Spec Brite Group provides a wide range of professional skin care and aesthetic devices originating from Germany, Korea, Italy and Switzerland. From anti-ageing products to daily beauty routines, we strive to provide one-stop aesthetic solutions for all skin types. Our guarantee of safety is based on international standards and medical norms such as patents from the U.S., Canada, Europe and others like Japan and Korea.

Wellness Terminal

Spec Brite Group has developed an online store to provide its end-user clients with a convenient platform. The easy and safe shopping experience for wellness and personal care can be accessed through www.wellnessterminal.com. It offers high-quality products that are essentials for your wellness needs. We deliver to countries across the Middle East.

General Wellness

We help families prevent major health problems and elevate their healthy lifestyle through different wellness solutions; such as the shower filter series, water purifier series, hydrogen water series, water healthcare series and other bath accessories.

Distribution Networks

Aside from our satellite offices across several countries, Spec Brite Group has established a strong distribution network in the Middle East and Africa region. We collaborate with numerous local distributors and agents who administer our wellness products across the region. If you would like to become a partner, contact us at info@specbritegroup.com.

REVIDERM

SkinTechnology

Microdermabrasion is the core of the regeneration treatments from **REVIDERM** skintelligence. Originally developed for the medical field, today it is the leading non-operative anti-aging method found in the professional beauty sector.

**SkinPeeler Basic:
The Entry Model**
practical characteristics for professional handling.

**SkinPeeler New Generation:
The Professional Model**
consequent advancement of professional handling.

**SkinPeeler New Generation +
Ultrasound: The Ultimate Model**
all-in-one device combining microdermabrasion and ultrasound.

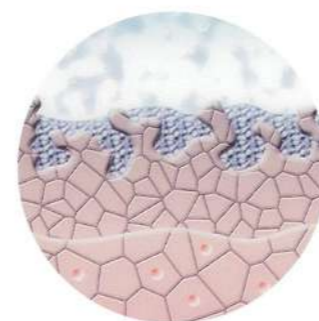

Instant Effects

- Wrinkles & fine lines are reduced
- Complexion rejuvenated
- Pores are refined
- Skin firmness is increased

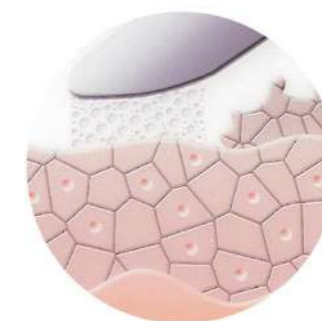

Lasting Effects

- Skin layers are tightened
- Pigment spots & scars are lightened
- Visible skin rejuvenation
- Facial contours are lifted

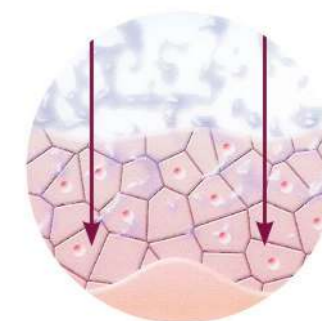

Mode of Action

Enzymes split the dead skin cells & prepare the skin for microdermabrasion

Microdermabrasion abrades the dead skin cells gently & safely. The skin surface appears smooth & tender.

Individually chosen active agents are brought deeply into the skin, where they unfold their maximum effectiveness.

REVIDERM

SkinTechnology

The state-of-the-art technique allows you to enjoy firmer skin with greater elasticity and visibly reduced fine lines and wrinkles.

The most comfortable and efficient way to achieve long-lasting firm and visibly younger-looking skin.

REVIDERM

SkinNeedler

the (R)evolution in micro-needling

Instant Effects

Significant improvements right after the first treatment

- Skin becomes visibly tighter & smoother
- Complexion appears brighter & more radiant
- Complexion looks more even

Long-term Effects

- Builds up and thickens epidermis
- Improves moisture retention
- Eliminates areas of structural damage
- Remodels collagenous fibers

10MHz ultrasound

Stimulating your skin to produce collagen & elastin & visibly tightening the tissue.

Makes your skin temporarily more permeable & fully prepares it for subsequent treatments.

Long-lasting effects:

Ultrasonic waves massage tired tissue, stimulating your skin to produce collagen and elastin and visibly tightening the tissue. At the same time, the ultrasound activates your skin's natural protective mechanisms and strengthens its resilience.

Method of Action

- Neosynthesis of collagen, elastin & hyaluron acid
- Improved local blood supply (neoangiogenesis)
- Renewal in areas of structural damage
- Increased ability to absorb active ingredients

Highly effective:

The ultrasound makes your skin temporarily more permeable and fully prepares it for subsequent treatments. Carefully selected active ingredients penetrate deep into the layers of your skin, where they take effect in order to achieve outstanding results.

REVIDERM

Skin Care

All **REVIDERM** skin care products have been developed using knowledge gained from the latest medical and cosmetic research.

With **REVIDERM** skin care we have been able to optimize the compatibility of skin identical active agents with enzymes, alpha-hydroxy-acids and skin active vitamins. This perfect synergy guarantees the high efficacy of all **REVIDERM** products.

3-in-1 AQUACLEAN mini

MAKE YOUR SKIN YOUNG

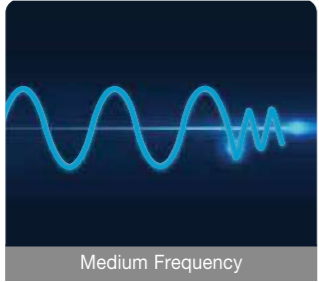

AquaClean mini consist of 3-in-1 system that combines three different technologies including the aqua clean system using **vacuum**, **electroporation**, and **double lifting**. 3-in-1 system provides all facial care including cleansing, solution penetration and lifting to a single device.

Cleansing Formula

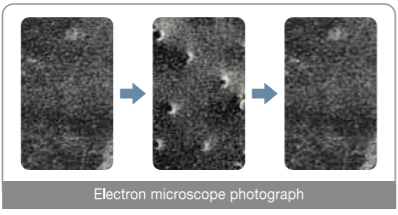

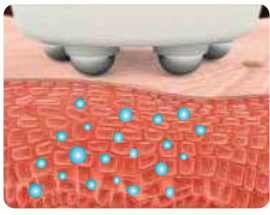

Double Lifting

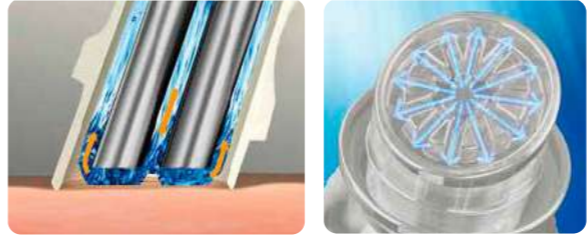

As the peeling solution comes out from the center of the tip, it rotates with a string radial principle, and by sucking waste materials, it is possible to remove wastes from the pores without scratching the skin.

Transmitting solutions by opening temporary holes in the membranes and tissues of the skin. Direct penetration of multiple types of solutions within the cell without altering or damaging the biological structure and function of the cell.

Electroporation

Aqua Clean System

- Hypoallergenic peeling function that removes sebum, dead skin cell and wastes using vacuum.
- Simple treatment procedure without any side-effects.
- Smooth peeling & treatment without stimulation.

Electroporation

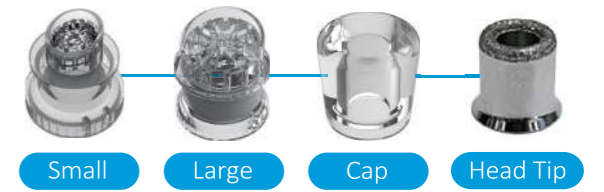

- Without damage to the cellular skin structure, micro-current creates a temporary opening on the skin for penetration of nourishing ampoules into deep layers of the skin.
- Adjustable Treatment Level (Level 1 to Level 10)

Double Lifting

- By supplying micro-current to flow through superficial layer of epidermis, lifting effect from stimulated facial muscle is achieved.
- Adjustable Treatment Level (Level 1 to Level 10)

Diamond Peel 4-in-1

- Diamond peel head tip for improving skin elasticity of the cheeks, neck, neckline, etc.
- Improving skin complexion.

- 🌡️ Precise temperature control via sensor up to -9°C.
- 👤 Powerful vacuum pressure

Smart Sonic

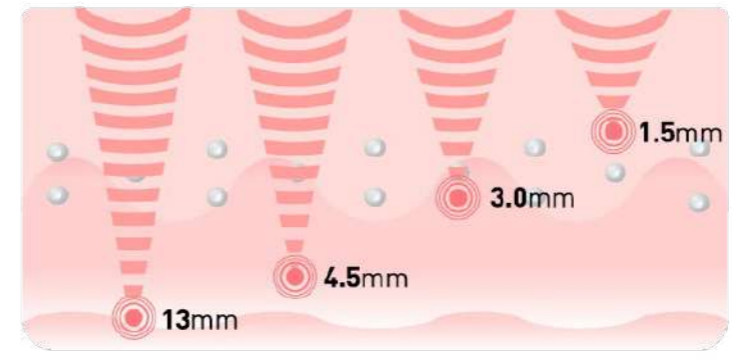

FACE LIFTING & BODY CARE SOLUTION

Tight-focused ultrasonic, non-invasive and non-surgical face lifting and body slimming system. It uses high intensity acoustic waves to stimulate the skin's dermal and aponeurosis layers. High-Intensity Focused Ultrasound (HIFU) energy directly goes into the different target layers by using different cartridges that are precise and safe to attain the desired facial and body treatment.

- Immediate Effect
- No Recovery Time
- Precise Treatment
- Painless Treatment

The energy leads to self-healing process (4 stages)
coagulation - reactive - regeneration - remodeling

It is a multiple skin care system that combines the functions of lifting, elasticity, and tightening. It allows collagen to regenerate inside the tissue that would result to facial rejuvenation, body slimming and contouring.
